# Enhancing Hull Hospitals

All funds raised from HalloWISHH will help enhance Hull Hospitals for the benefit of patients, visitors and staff. An example of how funds can help include additional wheelchairs! By improving the availability of wheelchairs, it enables safe transport of patients to and from appointments, as well as assisting members of the public who require mobility assistance.

Through previous support, we have been able to provide a number of enhancements across both hospitals, which includes the brightening of wards and departments with new and improved decoration, furniture and artworks for patient comfort. These transformations create tranquil and calming environments to promote wellbeing and recuperation, and ease stress and anxiety.

As well as enhancing facilities and equipment across the Trust, funds raised from HalloWISHH will allow us to work with teams to purchase arts, crafts and games for young people spending time in Hull Hospitals. The items provide a fantastic distraction for children in different wards and departments across our hospitals.

Thank you for choosing to support the WISHH Charity on our mission to enhance Hull Royal Infirmary and Castle Hill Hospital for patients, visitors and staff. To find out more about us and keep up to date with what we've been up to, you can sign up to our Newsletter! Email [abby.wardill@nhs.net](mailto:abby.wardill@nhs.net) with the title "WISHH Newsletter" to be added to our list of supporters.
