JustGiving Setup

How to fundraise using JustGiving

Log in to your JustGiving account or create one if you don't already have one and go to Subheading

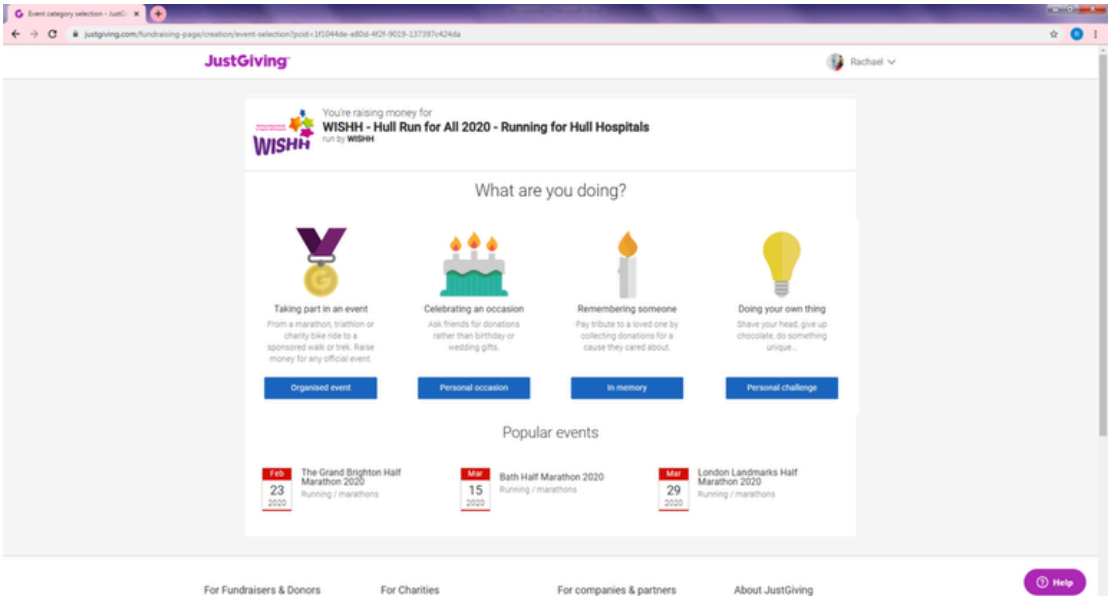

Click the orange button that says 'Start Fundraising' and you'll be directed to a page to either sign into your Just Giving Account or to set one up.

Supporting Your Hospitals

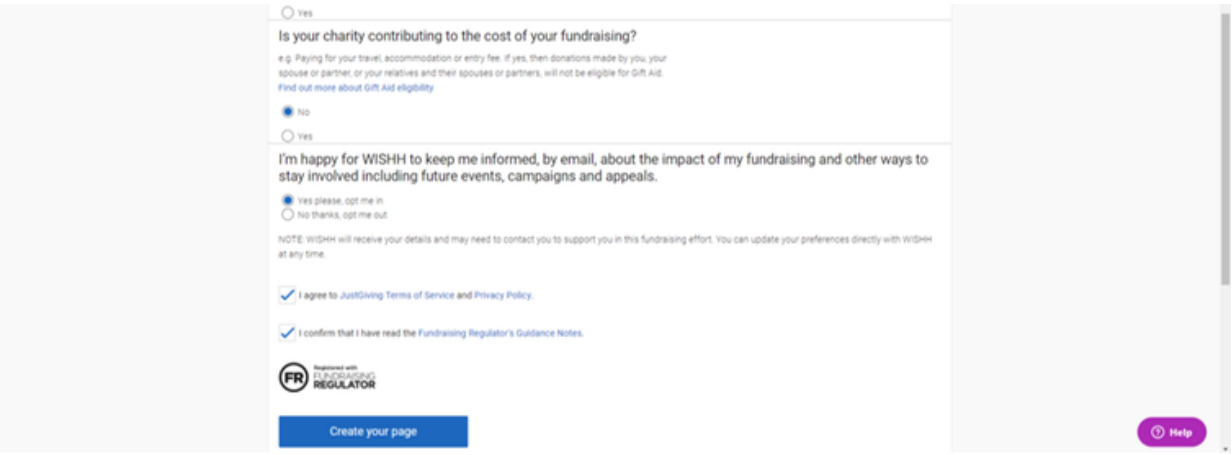

Then, you'll be directed to a page with four options. Click the blue button that says 'Doing your own thing'

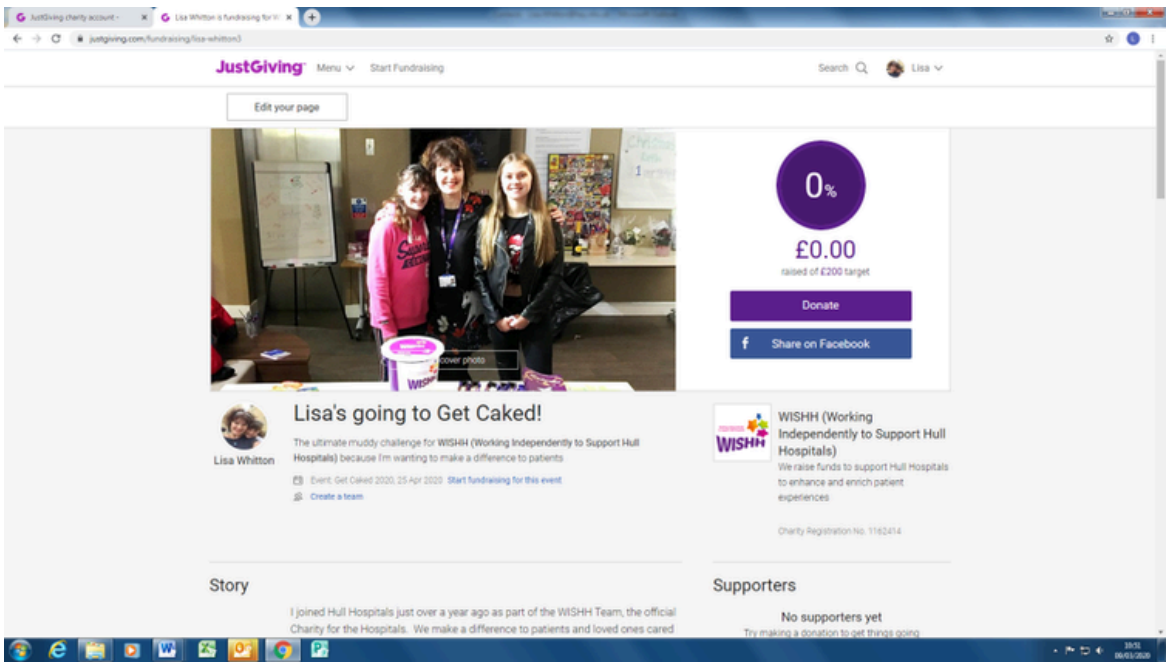

You will be directed to the page to set up your fundraising page. You can name your page here or it defaults to your name if you want to keep it that way. The first two options should be marked 'No' and the third option, you can answer however you choose. Click the 'Create your page' button.
